QUIKSTART 2024

International Winter School on Quantum Machine Learning
Feb 19th-23rd 2024 in Kaiserslautern, Germany

The QML Winter School brings together students, leading researchers and industry to discuss the latest developments, challenges and applications in the field of quantum machine learning.

The school is divided into two parts:

1. 19.02. to 20.02.2024, intensive courses on quantum computing and machine learning for master's students or PhD students.
2. 21.02. to 23.02.2024 workshops and courses on quantum machine learning, with talks by experts and industry. (Online participation possible)

Registration deadline
